# FRONTIER

---

The frontier is the border between what is known and familiar, and what lies beyond. It calls those who have an adventurous spirit who are willing to risk leaving behind what is known to try something new, with the hope that this new thing might ultimately hold life.

The frontier is not the place for the faint of heart. It requires a willingness to try new things, and the humility to try again. It requires adaptability to a new environment and the agility to respond to change. It also requires an underlying steadfastness of faith, perseverance towards hope, and rootedness in love.

At *Fresh Hope Pioneering* we are pursuing the vision of growing and reproducing, dynamic, Christ loving communities marked by joy. We see some of these communities being established in creative and adventurous ways that move beyond the known and familiar ways these communities currently gather. **We are looking for people who Jesus is calling to the frontier of His Kingdom work of reaching people with his gospel, and to pioneer new ways of doing so.**

We want to gather these people together for a year of discipleship with the aim of together being formed by the vision such that it becomes a deep conviction and a way of life, and to provide resources and guidance to translate the vision into action.

We are calling this year *Frontier*, as it is a year to gather together at the border in preparation for being sent into what lies beyond.
