

FRONTIER

FRONTIER

The frontier is the border between what is known and familiar, and what lies beyond. It calls those who have an adventurous spirit who are willing to risk leaving behind what is known to try something new, with the hope that this new thing might hold life.

The frontier is not the place for the faint of heart. It requires a willingness to try new things, and the humility to try again. It requires adaptability to a new environment and the agility to respond to change. It also requires an underlying steadfastness of faith, perseverance towards hope, and rootedness in love.

At Fresh Hope Pioneering we long to see growing and reproducing, dynamic, Christ loving communities marked by joy. We see some of these communities being established in creative and adventurous ways that move beyond what is known and familiar. **We are looking for people who Jesus is calling to the Frontier of His kingdom work of reaching people with His gospel by pioneering new ways of doing so.**

We want to gather these people together for a year of discipleship and discernment with the aim of together being formed into people who live into a pioneering vision, each attuned to their own vocation and equipped to translate both into action.

We call this year Frontier. It is a year to gather together at the border in preparation for being sent into what lies beyond.
